

PETITION

AGAINST THE RADIO TOWER IN MT. HOPE, NEW YORK, CURRENTLY UNDER CONSTRUCTION

TO: Steven M. Neuhaus, County Executive of Orange County, New York; L. Stephen Brescia, Chairman of the Orange County Legislature; Chad Volpe, Supervisor of Town of Mount Hope; John J. Bonacic, NYS Senator; NYS Assemblywoman Aileen M. Gunther, NYS Assemblymember

We, the undersigned, strongly oppose a radio tower at the end of Maryann Avenue, in Town of Mount Hope, New York, due to serious health, safety, security, property value, and environmental concerns. Further, we petition that an alternate location be found for the tower that has existing infrastructure, and that the process be open to the community. We are not against the idea of emergency response, just the way this system is being implemented.
